

Every year, New York City  
throws out over 400,000  
tons of recyclable paper.

That's enough to fill  
the Empire State Building.

Recycle magazines,  
catalogs and other  
paper. Help fight global  
climate change.

It's your city. It's your earth.  
For more information call 311 or visit [nyc.gov](http://nyc.gov).

The Empire State Building proudly supports a greener NYC.
